### Notes:

- \*\* All log prices based on International 1/4" Log Rule, "NO" Trucking on Veneer Logs.
- \*\* **Veneer Lengths** (10'6", 9'6" & 8'9")
- \*\* Slicer Veneer logs should be straight, have well centered hearts, be free of both internal and external defects such as mineral, stain, shake, spider, rot, worm, gum, seams, target, twists and flutes.
- \*\* **Hard Maple and White Ash (1/3 heart restriction).** Larger the log more flexible the grade.
